

Guernsey kp solar scheme

How many solar panels are there in Guernsey?

A solar panel project at a Guernsey charity is now complete and will power about 40 homes, Guernsey Electricity said. There are 310 photovoltaic panels on the roof of the newly reopened Guernsey Rural Occupational Workshop (Grow) site. The charity worked with Guernsey Electricity and The Little Green Energy Company on the scheme.

What are Guernsey's on-Island initiatives?

Alan Bates, CEO at Guernsey Electricity, said: "These on-island initiatives are designed to increase the amount of electricity generated from local renewable sources. "The electricity feeds directly into the island's network so that all our customers can benefit from locally generated, clean solar energy."
