

1 ??· Guyana has unveiled a new 0.65 MW grid-forming solar project, paired with a 1,500 kWh battery energy storage system (BESS) and a 13.8 kV transmission line. December 11, 2024 ...

Founded in 2016 and headquartered in Suriname (South America), HSW Energy N.V. is a trailblazer in Proven Quality Renewable Energy solutions. Our focus extends beyond local markets--we serve the Caribbean region. Driven by the surging demand for Solar Energy, we've meticulously researched and developed innovative solutions. As a result, we've become the ...

Aquila Clean Energy EMEA has started construction on a 50MW BESS in Finland, while MW Storage has launched two new projects in the country. Aquila, a developer and independent power producer (IPP), has started building the 50MW/50MWh standalone battery energy storage system (BESS) in Kotka, southern Finland, it announced on LinkedIn last week.

Energy Vault has disclosed plans for a 57MW/114MWh battery energy storage system (BESS), named Cross Trails BESS, in Scurry County of Texas, US. Construction is set to start in the first quarter (Q1) of 2025, with commercial operations expected to commence by mid-2025. Go deeper with GlobalData.

The BESS industry is rapidly evolving due to transformative megatrends and disruptive technologies. As companies integrate advanced battery chemistries and real-time energy management systems, they are responding to ...

statement by the bar association of guyana on the ruling of the honourable justice gino peter persaud in the matter of the bar association of guyana v the town clerk of georgetown - action ...

A wanted bulletin has been issued by Police for 45-year-old Dorwain Bess, for questioning in relation to the publication of defamatory information with intent to extort money. ...

A 300MW/600MWh battery energy storage system (BESS) developed by Ørsted will be co-located with its Hornsea 3 Offshore Wind Farm onshore substation. Flow battery player Invinity claims new product can ...

Utility CPS Energy and IPP Eolian have entered into storage capacity agreements for two battery energy storage system (BESS) projects totalling 350MW of power capacity in the ERCOT, Texas market. CPS Energy, which covers the city of San Antonio, has procured the BESS capacity as part of its Vision 2027 generation plan, and the deal builds on ...

June 23, 2022: Guyana is to develop eight utility-scale solar and battery storage projects in the South American country with investment financing worth around \$83 million, the Inter-American Development

Bank (IDB) announced on June 17.

Greater Guyana Initiative Lead, Alicia Bess-Anderson, MBA, aPHR, had an engaging conversation on the Energy Perspectives Podcast on how Stabroek Block co-venturers- ExxonMobil Guyana, Hess, and ...

Eku Energy has announced the financial close for its Williamsdale Battery Energy Storage System (BESS) project in Canberra, in the Australian Capital Territory (ACT). The 250MW/500 megawatt hours system, which will be powered by Tesla Energy's megapacks, is a key component of the ACT government's Big Canberra Battery initiative.

The Guyana Energy Agency (GEA) has taken to court fuel importer Dorwain Bess of SBF International Incorporated, even as the importer is leading protests in front the agency over restrictions on his business. A summons was issued against Bess based on complaints filed by GEA Chief Executive Officer (CEO) Dr Mahender Sharma on behalf of his ...

Battery energy storage systems, or BESS, are a type of energy storage solution that can provide backup power for microgrids and assist in load leveling and grid support. There are many types of BESS available depending on your needs and preferences, including lithium-ion batteries, lead-acid batteries, flow batteries, and flywheels. ...

The Farfan and Mendes Ltd and Soventix Caribbean team was awarded the Best Energy Storage Project for the Lethem Engineering, Procurement and Construction (EPC) project which consisted of a state-of-the-art hybrid system combining a solar photovoltaic plant, a battery energy storage system (BESS) and integrating them to the existing traditional ...

Kaieteur News - The false declaration charge laid against Atlantic Fuel Inc. by head of the Guyana Energy Agency (GEA) was on Friday discharged by Magistrate Dylan Bess. Dr Mahender Sharma of the Guyana Energy Agency (GEA) had accused Atlantic Fuels Inc. of making a false declaration on an invoice submitted under the 2014 Petroleum Regulation of ...
