

What does the Guyana Energy Agency do?

The Guyana Energy Agency continues to support national efforts in transforming the country's sustainable low-carbon pathway and the energy sector, as it contributes to providing cleaner, affordable energy access for all, as well as promoting energy efficiency and conservation practices.

Where does Guyana's Energy come from?

This page is part of Global Energy Monitor 's Latin America Energy Portal. More than 90% of Guyana's total energy supply comes from fossil fuels,with the remainder derived from renewables such as wood and sugar cane residue.

How much electricity does Guyana have?

As of 2020,Guyana has an installed electrical capacity of 337 MW,based on a mix of fossil fuels (85.27%),biomass (12.46%),solar (2.26%) and wind energy (0.01%). However,over a quarter of electricity is lost during transmission and distribution due to faulty infrastructure.

How many offshore oil discoveries have been made in Guyana?

The first significant oil discovery in offshore Guyana was made by ExxonMobil in 2015 at what is now the Liza project in the Stabroek block. Since then,ExxonMobil and its partners,Hess and the China National Offshore Oil Corporation (CNOOC),have made more than 30additional offshore oil and natural gas discoveries within the Stabroek block.

Where are Guyana's oil and natural gas resources located?

Guyana's most recent estimate of recoverable oil and natural gas resources is more than 11 billion oil-equivalent barrels,and developers are still exploring the country's offshore waters. Guyana's discovered oil and natural gas resources are currently located offshore within the Guyana-Suriname Basin of the Atlantic Ocean.

What is Guyana's Nationally Determined Contribution plan?

Guyana's Nationally Determined Contribution plan sets no specific emissions reduction target,but calls for mitigation measures such as land conservation,reduced impact logging and increased emphasis on renewable energy. GEA (Guyana Energy Agency) is responsible for developing Guyana's national energy policy and securing its implementation.

The Guyana Energy Conference & Supply Chain Expo (GECSCE) announced today that One Communications is on board as the exclusive private sector partner for its inaugural Essay Competition, an initiative endorsed by the Ministry of Education. Launched on October 14, 2024, the competition allows
