

Haier Photovoltaic Inverter APp

Is Haier launching a new IoT platform for energy management?

With millions of connected home appliances and HVAC devices, Haier Group is known as a global leader on the Internet of Things (IoT) space. Now, the company is expanding its offerings with the launch of Nahui, a new IoT platform for energy management. At the German event, Haier will also debut its new app, Nahui Energy.

Why did Haier launch a new energy industry internet platform?

The launch of the NAHUI New Energy Industry Internet Platform and the Nahui Energy app symbolizes a strategic choice by Haier Group to expand into and become a leader in the green energy sector.

What is Haier Nahui energy?

At the German event, Haier will also debut its new app, Nahui Energy. Thanks to AI-based algorithms, the app enables unified smart control of heat pumps, energy storage, and solar systems. End-users will be able to save money on their energy costs while also lowering their carbon impact, without sacrificing comfort.

What is Haier Nahui New Energy partnering with Rexel UK?

Haier Nahui New Energy has entered into a strategic alliance with Rexel UK, a leading distributor of electrical and site supplies. This collaboration, unveiled at Solar & Storage Live 2023 in the UK on October 17th, aims to present customers with holistic new energy solutions, and streamlined deliveries.

Why should you choose Haier solar?

Experience a seamless solar solution, offering a unified solar platform tailored to both residential and commercial needs. Haier delivers panels, batteries and inverters from a single supplier, removing the need for multiple partners, warranties and customer care contacts.

Is Haier a good brand?

As one of the world's largest brands, Haier provides a comprehensive range of commercial and residential solar products, air conditioning, water heating, and appliances, all designed for an integrated, connected system.
