Who is Hanwha Power Systems?

Hanwha Power Systems launched its energy equipment business, building on its reliable technology and longstanding experience in gas turbine engines. Since then, we've become a global powerhouse and have delivered more than 7,500 units of air and gas compressors worldwide.

Why should you choose Hanwha Power Systems?

In addition, we will grow as a global leader in power and energy solutions by using future engineering technology that helps the green environment. Hanwha Power Systems is a global powerhouse delivering advanced air and gas compressors worldwide with a goal of accelerating the transition to clean energy.

How to contact Hanwha Power Systems?

To contact Hanwha Power Systems in Americas, please call +1.281.599.3377 ext.204 or fax +1.281.599.7734. SEOUL, South Korea, Nov. 21, 2024 /PRNewswire/ -- Hanwha Power Systems Co., Ltd. (CEO: Justin (Koo Yung) Lee) today announced that it has signed a Memorandum of Understanding (MOU) with TC Energy ...

Meanwhile, Hanwha Power Systems and Korea Western Power achieved a significant milestone in April this year by successfully demonstrating the world's first hydrogen mixing ratio of 60% by utilizing 80MW medium and large-sized gas turbines. Subsequently, efforts have been underway to apply this hydrogen mixing technology to the 150MW West ...

Yong Seon Song, Senior Vice President of Hanwha Power Systems, puts this key benefit in perspective, stating, "If all LNG gas turbines in South Korea alone are converted to 50 percent hydrogen mixed combustion turbines, it is possible to reduce greenhouse gas emissions by more than 16 million tons." That's the equivalent of keeping over 3 ...

Hanwha Energy breaks ground on a hydrogen fuel cell power plant in Daeson Industrial Complex, cementing itself as a comprehensive energy solutions provider. The plant will be largest and first power plant in the world to be powered solely by hydrogen that is extracted as a byproduct from petrochemical production.

We are strengthening our eco-friendly power generation business by signing technical cooperation agreements with related companies such as Korea Western Power Company and Korea District Heating Corporation to retrofit gas ...
