

Hinen battery New Caledonia

What are hinen home batteries?

Hinen home batteries utilize rechargeable lithium iron phosphate batteries(LFP),equipped with 5-layers battery protection for top-tier safety and reliability. They come in various types such as low-voltage/high-voltage,wall-mounted/floor-standing,and stackable,meeting the energy storage range requirements from 5kWh to 120kWh.

What kind of battery does a hinen B5000 use?

The Hinen B5000 is a 5kWh low voltage battery compatible with the Hinen 6kW single-phase inverter and off-grid inverter. It uses high-quality,secure LiFePO4 batteriesand can scale up to 50kWh with ten units in parallel. The system is compatible with major brand inverters due to its multiple protocols.

Who is hinen new energy?

China's Hinen Grouplaunched Hinen New Energy in 2022,a subsidiary focused on residential energy storage solutions. Hinen Group,established in 2004,is a publicly listed electronics company. The company's product portfolio covers consumer electronics and innovative new energy solutions.

Hinen 5kWh Modular Low-voltage Battery System is specifically designed for 6kW Single-phase Hybrid solar Inverter & 6kW Off-grid solar Inverter. A single cluster can connect up to 4 ...

Subsidiary Hinen New Energy was established in 2022, with a focus on residential energy storage solutions. The firm manufactures in China and Vietnam, with offices scattered about the place - including here in Australia in North Sydney. ... The Hinen App. An app providing real-time battery status, voltage, current, temperature, and alerts.

At Hinen, we're dedicated to creating low-carbon living environments, empowering every household to achieve energy independence. Our innovative energy storage solutions optimize solar energy use, reduce reliance on the ...

Hinen 7.7kWh high voltage battery module is the battery part of Pro series and compatible with 12kW Three-phase Hybrid Inverter. It offers a wide capacity range from 7.7kWh to 23.3kWh. Stackable plug-and-play design make it easy to install. Reliable LFP battery cell with 5-layer protection ensures maximum safety.

It's specifically designed for Hinen 6kW Single-phase Hybrid Solar Inverter & 6kW Off-grid Solar Inverter. It adopts LiFePO4 battery of high quality and security. With up to 6 units in parallel, it has a large scalability of 30kWh. The system can be ...

Hinen provides optimized and renewable energy solutions for homes and off-grid living, mainly engaging the research and development and global sales of residential energy storage systems, hybrid solar inverters and battery packs.

Hinen A15000s is a 15kW single-phase inverter with 97.5% efficiency, four MPPT inputs, and 10ms rapid backup switching. ... Inverter parallel function, up to 6 units; battery parallel function, up to 6 clusters per inverter; Stackable integrated design, plug & play, no additional cable, saving 50% installation time ... Opens in a new window. ...
