Should you buy a home with solar panels?

Design a custom solar system and compare quotes online. The back way into buying solar panels is buying a house that already has solar panels installed. According to Zillow, homes with solar panels - and other energy efficient features - sell faster and for more money than comparable homes without.

Where can I buy solar panels?

For some, buying equipment directly from Amazon or wholesale resellers is the best place to buy solar panels and the most affordable option. For others, a large, national company may be able to provide you with a better deal than you can find on the EnergySage Marketplace. Using the EnergySage marketplace, buying solar panels is easy.

Where can I buy solar equipment?

Like wholesale resellers, Amazon is another way to purchase solar equipment directly. Many people commonly purchase solar panel kits from Amazon that include the majority of equipment necessary for getting a solar panel system up and running (i.e., wiring, solar panels, the inverter, etc.).

Why should you buy solar panels from solar.com?

Solar.com simplifies the process of buying solar panels by pairing you with an expert Energy Advisor to guide you every step of the way. Better yet, studies by the US Department of Energy have proven that homeowners save money by comparison shopping on solar.com.

Where can I buy a solar panel kit?

Many people commonly purchase solar panel kits from Amazon that include the majority of equipment necessary for getting a solar panel system up and running (i.e., wiring, solar panels, the inverter, etc.). Most solar panel kits are best suited for smaller applications, such as an RV or boat instead of a home.

Can you buy solar panels from a wholesale reseller?

Wholesale resellers sell equipment online to consumers looking to go solar. While labeled as "wholesale," these items will still typically include a markup so that the company selling the product will make a profit. It's currently not possible for consumers to purchase wholesale solar panels directly from panel manufacturers.
