

Horay solar Finland

Who is Horay solar?

Transform your business with Horay Solar's tailored commercial and industrial solar solutions. 2023 © Powerful Solar Support For New Generation. All rights reserved. Horay Solar is a leading company specializing in the design, production, and sales of solar modules.

Where are Horay solar products exported?

Our products are exported worldwide, including Europe, America, and Southeast Asia. At Horay Solar, we pride ourselves on our cutting-edge, fully automated production lines.

Why should you choose Horay solar?

Looking ahead, Horay Solar will persistently dedicate itself to the photovoltaic module industry, assuming the responsibility of promoting global green energy development. Together with international partners, we strive to create a better life for humanity and contribute to a greener home for every individual worldwide.

HEADQUARTER: HORAY SOLAR CO., LTD. GLOBAL MARKETING AND SERVICE: HORAY SOLAR GMBH 20 Higher Output Power The output power of 36 half-cells Monocrystalline modules is up to 130W. 5BB/MBB More uniform current collection capability, reducing the current heat loss of the internal cells. Harsh Environmental Adaptability

Hooray Never be without power again The most sophisticated, AI-driven, integrated system in the market using the best of solar, battery, and the grid, giving you power and backup power - ensuring you're always on. We're putting the power back in your hands. Book a site visit Hooray Zero upfront cost We cover the equipment, installation and maintenance costs.

On February 21st, Madrid's Genera 2023 saw HoRay Solar, a beacon of China's energy prowess, unveil its top photovoltaic modules. Drawing attention from global energy aficionados, HoRay's booth became a hub of insightful discussions. Prioritizing the European market, HoRay showcased modules tailored for Spain and Europe.

Embracing opportunities and spearheading rapid development, HoRay Solar's strategic foresight led to the construction of a new facility in Hui Shan, Wuxi. This state-of-the-art plant, slated for completion in July 2024, is set to enhance HoRay Solar's annual production capacity to 2.5 GW.

Horay Solar Ocean 440W. Extra Power gain from bifacial applications Mono PERC bifacial solar modules normally can produce from 5%-20% more power compare with mono-facial solar modules. In almost all of the solar installation applications the bifacial solar modules are able to give extra power to the pv project, to obtain a better LCOE.
