

How much does JA Solar 460 photovoltaic panel cost

How much do JA Solar panels cost?

The cost of solar panels from JA Solar is quite competitive compared with other solar panel companies. Our research has found that a 585W panel, for instance, is priced at around \$90. Sharp sells a similar model for around \$40 more. However, JA Solar's product warranties only last 12 years - half that of many other manufacturers.

Which JA Solar panel is best?

JA Solar's JAM60S20 panel offers high efficiency of 21 per cent and a power output of 340W, for a lower price tag than many of its competitors. Meanwhile, the JAM72S30 LR solar panel stands out for larger homes, as it boasts an impressive power output of 585W, which is a greater output than most domestic panels.

Does JA Solar have a warranty?

Warranty Coverage (20%): Warranty coverage is closely linked to panel durability and performance over time, so it affects your energy savings and your long-term cost of converting to solar if you have to replace them sooner than you would with other brands. JA Solar comes with an above-average performance warranty term of 25 to 30 years.

Is JA Solar a good brand?

JA Solar is considered a high-efficiency budget brand, so while the panels have good performance, the cost per watt is still below what most competitors charge. **Temperature Coefficient (10%):** The temperature coefficient of a panel tells you how much of the panel's efficiency is lost per degree over 77 degrees (F).

What types of solar panels does JA Solar offer?

These include solar panels for homes and commercial installations. JA Solar offers two main types of solar cell technologies - Passivated Emitter and Rear Cell (PERC or P-Type) and N-Type.

Who makes JA Solar panels?

Join the 1,587 homeowners who got free quotes in the past 30 days. JA Solar Holdings is based in Shanghai, China, and it manufactures solar panels and a variety of solar-related materials for residential and commercial applications.
