

# How to write a photovoltaic bracket agency contract

What is a PV installation agreement?

The Installation Agreement is a lump-sum agreement between the project company, as owner of the project, and the installation contractor, the contractor that will be responsible for installing the PV system, providing the balance of plant and commissioning the plant.

What is a solar contract?

Solar Contracts are fine-tuned for small and medium-sized, grid-connected solar PV projects. Standardised contracts include: Power Purchase Agreement, Implementation Agreement, O&M Agreement, Supply Agreement, Installation Agreement and Finance Facility Term Sheet. These are complemented by the Implementation Guidelines.

How are open solar contracts drafted?

The Open Solar Contracts are drafted on the assumption that the buyer is a national or local government-owned or government-controlled utility (but this also can be extended to private buyers authorised by the government). Furthermore, the offtake is assumed to be guaranteed in some form.

What is a solar power purchase agreement (PPA)?

A Solar Power Purchase Agreement (PPA) is a long-term contractual agreement in which a solar developer installs, operates, and maintains a solar energy system on a customer's property or other designated location. In exchange, the customer, known as the host, receives discounted energy prices below the utility rate.

What is a solar PPA template?

This solar PPA template document was developed by a group of solar developers, law firms, and other interested parties in the solar energy space. It represents a consensus around one possible approach to solar finance, with a particular emphasis on access to the broader capital markets.

What are standardised solar contracts?

Standardised contracts include: Power Purchase Agreement, Implementation Agreement, O&M Agreement, Supply Agreement, Installation Agreement and Finance Facility Term Sheet. These are complemented by the Implementation Guidelines. Open Solar Contracts review phase is now over.
