Does EnergyPod 2 ship worldwide?

EnergyPod 2 is shipping to customers worldwide. EnergyPod 2 - Long Duration Energy Storage by Primus Power. EnergyPod 2 benefits from experience gained with field installations of the award-winning first generation EnergyPod. Customer feedback has inspired engineering optimizations that allow...

Is EnergyPod 2 a lithium ion based system?

Unlike lithium-ion based systems, EnergyPod 2 has no fire concerns and energy capacity does not fade over time. Its optimized design eliminates expensive and life-limiting components - membranes/separators, graphite electrodes, and complex plumbing - that spoil the economics of other flow batteries.

What is EnergyPod 2?

Its optimized design eliminates expensive and life-limiting components - membranes/separators, graphite electrodes, and complex plumbing - that spoil the economics of other flow batteries. EnergyPod 2 is shipping to customers worldwide. All options packaged within EnergyPod enclosure.

Why should you choose EnergyPod 2?

EnergyPod 2 benefits from experience gained with field installations of the award-winning first generation EnergyPod. Customer feedback has inspired engineering optimizations that allow EnergyPod 2 to deliver an industry-leading leveled cost of storage.

What is primus EnergyPod 2?

Primus is shipping systems to US and international utilities, including Puget Sound Energy in Washington State. With a five-hour duration and 20-year life, EnergyPod 2 delivers a total cost of ownership up to 50% less than leading conventional lithium-ion battery systems, the company claims.

The portable PowerPod has a much lower cost than solar panels and can work much more efficiently in areas with less than 300 days of sun per year. It's a 1 kW wind turbine that potentially produces 3x more power than a regular turbine. The extra power is due to an advanced blade system in the pod, which increases the wind speed by 40%.

February 22, 2017: Zinc bromine flow battery producer Primus Power has launched its second-generation battery, the EnergyPod 2, the US firm announced on February 21. Paul Ferrera, a business development official at Primus Power, said the new model was being tested by corporates including Microsoft and utilities such as Samruk Energy in Kazakhstan.
