

Iraq bosa energy co ltd

Who is Bosa energy?

Bosa Energy Co.,Ltd. - Leader In Lithium-Ion Battery And Power System For Energy Storage. Our main business covers lithium-ion battery and power system for energy storage,electric vehicles and marine applications .

How do I contact Bosa energy?

Know more info pls contact: info@bosaenergy.cn #lfpbattery #lithiumbatteries #batterysystem #batteries #batterymanufacturer #batterypack #batteryproduction #productionline #bosaenergy

How do I contact Bosa energy if my vehicle requires electrification?

If you have similar vehicles that require electrification,please contact us: info@bosaenergy.cn #batterypacks #bosaenergy #lfpbatteries #lithiumbatteries #batterysystem #batteries #batterymanufacturer #batterymodules #truck #electrictruck #batteryshow Contact us and get free visitor tickets to battery show in Stuttgart!

What did Bosa show in the battery show?

In this Battery Show,BOSA showed standard battery modules,battery packs and battery systems. Our products are widely used in electric marine,energy storage system,ev,light tower,heavy machine and so on. We are delighted to meet all our new and old customers on site and discuss our products together,looking forward to our next meeting!

When was Bosa on North America's battery show 2024?

BOSA was on North America's Battery Show Oct.7-11th,2024. It's one of the BOSA'S highlights in 2024. The Battery Show is North America's largest advanced battery event,it brings together engineers,business leaders,top-industry companies,and innovative thinkers to discover ground-breaking products and create powerful solutions for the future.

Bosa looking forward to creating more cooperation opportunities with you and embarking on a new journey.
Address:Duodao Hi-tech District,Jingmen,China/Lang xu industrial Park,Luolong District,Luoyang,China

Product Description. Our battery modules can be used for nearly every application as battery solution, high voltage solutions in particular. Their modular layout enables you to assemble a battery pack in mere hours.Place modules in series to reach the voltage your applications require and place modules in parallel to match the current your application needs.

Our main business covers lithium-ion battery and power system for energy storage, electric vehicles and marine applications . Based on the concept of learn from nature and contributed to nature we focus on technology innovation and ...
