

Isun company Monaco

Who is iSun for?

iSun helps everyone - from individuals to utility companies- adopt efficient,clean energy technologies. Whether by developing innovative EV charging solutions,installing custom solar arrays,or managing completed projects or installations,we help our customers make the right investments for their energy needs.

Where is iSun located?

We combine design,engineering,manufacturing,technology,marketing,finance,strategy and global logistic services to deliver measurable cost savings while mitigating risks. Headquartered in Metro Boston,iSun has offices in Hartford,CT,Toronto,Hong Kong and in China.

What does iSun stand for?

iSun International Group("iSun") is a USA contract engineering and manufacturer firm of commercial and industrial products,assemblies and components. iSun's heritage emanates from a precision engineering and manufacturer firm of specialty equipment founded in Connecticut,USA in 1868 that has been issued over 100 worldwide patents.

What makes iSun unique?

iSun is more than just a solar company. For over 50 years, we've built the things required to advance the adoption of new technology...and have done the hard work necessary to make innovation commonplace. Of all the innovations we've enabled, none have been as important as the transition from dirty to clean energy.

Why should you choose iSun?

iSun is dedicated to helping OEMs and other suppliers lower production costs by providing reliable, well-managed engineering and manufacturing services. We combine design, engineering, manufacturing, technology, marketing, finance, strategy and global logistic services to deliver measurable cost savings while mitigating risks.

Why did Peck acquire iSun energy?

Peck expands its presence throughout the Northeast,installing over 200MW of solar installations. Recognizing the opportunity presented by vehicle electrification,The Peck Company acquires iSun Energy,an innovative manufacturer of branded,solar-powered carports capable of providing off-grid EV charging solutions.
