Why did four energy companies announce two green hydrogen projects in Italy?

REUTERS/Guglielmo Mangiapane/File Photo Purchase Licensing Rights MILAN, Dec 12 (Reuters) - Four energy companies announced on Tuesday two separate green hydrogen projects in Italy as they move to offer clean fuels to their customers and take advantage of money coming from the European Union's post-pandemic recovery fund.

Will NexGen get provincial approval for a greenfield uranium mining project?

NexGen is the first company in more than 20 years to receive full provincial EA approval for a greenfield uranium mining project. However, before investors jump for joy, receiving provincial approval is merely a step in a long list of permitting and construction milestones.

Does NexGen energy have institutional investors?

We can see that NexGen Energy does have institutional investors; and they hold a good portion of the company's stock. This suggests some credibility amongst professional investors. But we can't rely on that fact alone since institutions make bad investments sometimes, just like everyone does.
