This coincided with the emergence of solar renewable energy projects. Several years later, in 2006, Nexus was poised to offer its unique expertise and growing menu of green services to third party commercial building owners. In 2010, Nexus Energy Solutions was formed with \$15 million of solar projects already completed or well underway.

Solar and other renewable energy sources: reduce our dependence on oil; reduce the amount of pollutants going into the air; and can reduce the need to build other types of power facilities and power transmission lines.
