

JA Solar PV panel back panel label

What is JA Solar?

JA Solar is a Chinese manufacturer of solar panels and other solar equipment. The JA Solar mono panel is a high-efficiency module designed for residential and commercial solar systems. The panel has a power output of 545watts, which means it can generate a large amount of electricity from a relatively small surface area.

What is a JA Solar jam54d41-435/lb?

The JA Solar JAM54D41-435/LB is a 435W all-black solar panel from the Deep Blue 4.0 Series. This N-type bifacial double glass mono module has excellent efficiency and temperature coefficient. Panels in this range are protected by a 12 year product warranty and a 30 year linear power output warranty.

Can JA Solar make changes to the product specifications or installation manual?

JA Solar reserves the right to make changes to the product, specifications or installation manual without prior notice. Failure to comply with the requirements listed in this manual will invalidate the Limited Warranty for Modules as provided by JA Solar at the same time of sale to the direct customer.

How to install JA Solar modules?

JA solar recommends installing the modules with a tilt angle of at least 10 degrees, making it easier for dust to be washed off by rain. Ensure the installation method and supporting system of modules is strong enough to make the modules can withstand all the load conditions.

What is included in the JA Solar installation manual?

Thank you for choosing JA SOLAR modules! This Installation Manual contains essential information for electrical and mechanical installation that you must know before handling, installing JA Solar Modules. This Manual also contains safety information you need to be familiar with.

How to unpack JA Solar modules?

Store pallets in a ventilated, rain-proof and dry location until the modules are ready to be unpacked. Please unpack the package of JA Solar modules according to "JA Solar Modules Unpacking Instruction". Do not lift the modules by grasping the module's junction box or electrical leads in any condition.

Solar Labels allow solar panel systems to comply with NEC standards by identifying all electrical boxes, points of connection, and other areas of potential hazard. Each pre-printed label has an ...

The JA Solar JAM54D41-440/LB is a 440W premium cell solar panel with an all black design. This n-type Double Glass Bifacial Module is very efficient and operates with extremely low LID. ...

We carry an extensive collection of Premium Photovoltaic Solar Labels at the Best Prices Online. All our solar labels are UV laminated and printed on the highest quality materials for outdoor durability and sustainability.

...

Discover the JA Solar N-type 580W Bifacial Solar Panel JAM72D40-580/MB, a high-performance and efficient solar panel that captures sunlight from both sides, maximizing energy generation. ...

JA Solar is a leading manufacturer and innovator of high-efficiency solar panels and renewable energy technology. Established in 2005, they built up their brand through their high performance monocrystalline and ...

The JA Solar JAM54D40-440/LB is a 440W premium cell solar panel with a black frame. This n-type Double Glass Bifacial Module is very efficient and operates with extremely low LID. Solar ...

Slow degradation over the next 30 years is guaranteed by JA Solar. The performance will decrease no more than 2% during the first year and 0.25% annually thereafter. Your modules will retain at least 84.95% of original ...

The JA Solar 545W Mono is a high-powered solar panel that utilizes monocrystalline silicon technology to deliver efficient energy production. Here are some of the specifications for the JA Solar 545W Mono: Power output: 545 ...
