Who owns JBM solar & battery storage company?

News provided by Susgen Ltd on Thursday 2nd Mar 2023 Susgen, a market leading funder and partner to renewable energy development companies, announces the sale of its UK-based solar and battery storage development company JBM Solar to RWE, the UK's largest power generator.

Who are RWE & JBM solar?

RWE, the UK's largest power generator and one of the largest renewables developers, has significantly expanded its solar and battery capabilities by acquiring JBM Solar, a large independent developer of solar and battery storage systems.

Who is JBM solar?

Headquartered in London and founded in 2012, the team has expertise across the entire development process from land acquisition to construction readiness. JBM Solar was acquired from London-based renewables investor Susgen. Acquisition strengthens RWE's renewables business in one of its focus markets

Will JBM solar join RWE in the UK?

"I'm very pleased to welcome our new colleagues from JBM Solar and to jointly drive forward the green expansion of RWE in the UK." The deal will add a mature pipeline of more than 6GWac to RWE's portfolio, including 3.8GWac of solar capacity and 2.3GWac worth of battery storage projects.

Does JBM have a portfolio of solar sites in the UK?

Along with the acquisition of JBM, the company has already set its sights on expanding its own portfolio of solar sites in the UK as part of this investment, announcing plans for an up to 600MW solar development on land in south Yorkshire and north Lincolnshire in December, for example.

Why did susgen sell JBM solar?

The successful sale of JBM Solar enables Susgen to focus on identifying new partners to accelerate the transition to Net Zero, whilst also enabling the development of a 4GW pipeline under its standalone battery storage developer, Alcemi. This transaction follows Susgen's successful exit from Urban Grid to Brookfield Renewable in early 2022.
