

Lebanon delight solar

Does Lebanon have solar power?

Myriam Boulos--Magnum Photos for TIME Lebanon went from generating zero solar power in 2010 to having 90 megawatts of solar capacity in 2020. But the major surge happened when a further 100 megawatts were added in 2021 and 500 megawatts in 2022, according to the LCEC's Khoury.

What's behind Lebanon's solar boom?

The solar boom is a byproduct of Lebanon's crisis. Private installations in businesses and homes since 2020 will have added 350MW of renewable power -- about 5-7 per cent of Lebanon's annual energy needs -- by year-end, said Pierre El Khoury, head of the state-affiliated Lebanese Center for Energy Conservation.

How much solar power will Lebanon have in 2022?

Over 650 megawatts (MW) were installed in 2022 alone, says El-Khoury, bringing Lebanon's total solar capacity to 870MW, according to his figures. "Installed capacity should reach 1,000MW in June," he says. He estimates that the installed capacity of diesel generators, meanwhile, likely amounts to 1,000-1,500MW.

Where are solar panels located in Lebanon?

Atop several campus buildings at Sagesse University in Furn El-Chebbak, a suburb southeast of Beirut, row upon row of solar panels gleam under the bright afternoon sun. The Catholic university, home to some 3,500 students, is one of the many organizations in Lebanon that have turned to solar power.

Are Lebanon's solar companies paying a lot for fuel?

"We are also paying a lot for fuel." ME Green was one of the early solar-power companies in Lebanon, but the sector has ballooned, from around 150 registered businesses in 2020 to more than 800 today, according to the LCEC's Khoury.

How many solar companies are there in Lebanon?

ME Green was one of the early solar-power companies in Lebanon, but the sector has ballooned, from around 150 registered businesses in 2020 to more than 800 today, according to the LCEC's Khoury. These companies work on everything from small household systems--which start at \$2,000 to \$3,500--to projects involving hundreds of panels or more.
