All products distributed by Namene are designed to help people and families thrive, wherever they live, by meeting their daily utility needs while eliminating sources of combustion.. We design our products to last as long as possible, and build long-term relationships with our distribution partners and customers based on trust and mutual benefits.

Certified by. Essential energy access for millions. Our lives depend on access to energy. It's something many of us don't think twice about, but for 675 million people worldwide, including 590 million in sub-Saharan Africa, access to electricity is still not a reality.. For too many families, relying on homemade kerosene lamps or candles is their only option.

In addition to the roving distribution team, Namene has also opened five Namene branded stores in commercial retail spaces across all five of Namibia's regions, which sell and service Namene lights and products for rural customers. In Namibia, 54% of the population have no electricity access. In rural areas, this figure is even higher, at 65%.
