Punjab & Sindh Solar Scheme 2024. Chief Minister Punjab Maryam Nawaz and Chief Minister Sindh Murad Ali Shah announced to provide electricity to 2 lakh households with the support of World Bank. Each home will get a complete solar system for Rs7,000, which includes solar panels, charge controllers and batteries to run a fan and three LED bulbs.

In an effort to encourage the adoption of solar power, the government has announced a new initiative set to launch in early February. Under the scheme named "Solar for All," households seeking to install photovoltaic systems with a total cost (including purchase and installation, including VAT) of up to \$1250 per kilowatt can apply electronically for the program.

You can save money on a rooftop solar system for your home or business through a range of government assistance schemes. There are also some schemes to help with the cost of a battery. The Australian Government's Small-scale Renewable Energy Scheme (SRES) reduces the cost of most new residential and business rooftop solar systems.

Only applicable to residential solar panel installations; Only applicable to non-contestable consumers (buying from SP Services) Applicable for solar panel systems with less than 1 MWac capacity; SCT compensates you for any surplus energy your solar panels generate at the prevailing tariff rates, deducting grid charges.

This and a few other previous grants for solar panels have now ended, and the primary aid available today is the ECO4 scheme. There's a couple of other schemes that will help save you money overall, but ECO4 is now the ...
