

Lithuania automated vertical storage solutions

Why should you choose Modula automatic vertical storage solutions?

Modula automatic vertical storage solutions are designed to save space and time and improve process efficiency. The automatic vertical tray warehouses were designed according to the "goods-to-man" principle: there is no need for operators to move around the warehouse to pick or refill your goods.

What is a modular vertical storage solution?

Created to make the most of available vertical space and save floor space at the same time, Modula automated vertical storage solutions are suited to any type of product, in any industry sector or environment, and can be customised to various payloads, heights, sizes and options.

What is a Modula automatic vertical tray warehouse?

Modula automatic vertical tray warehouses allow you to store goods in a clean, tidy, safe and fast-moving system, reducing the number of movements operators need to make and avoiding damage to your goods. Modula automatic vertical storage solutions are designed to save space and time and improve process efficiency.

What is the difference between automated warehouse solutions & Vertical Lift Modules?

Automated warehouse solutions, like automated storage and retrieval systems and automated warehouse pickers, can eliminate manual tasks, such as transporting heavy inventory and manual picking. On the other hand, vertical lift modules can maximize your available warehouse space by taking advantage of your ceiling height. 3.

What are vertical storage solutions?

Vertical storage solutions are perfect for making the most of the height available in buildings, saving floor surface. These products are the ideal answer for a clean, tidy, safe and fast-moving warehouse.

How can vertical solutions save your warehouse floor space?

Vertical solutions can save up to 60% of your warehouse floor space and dramatically increase the pace of accessing and retrieving items from storage. Our specialists will be happy to develop a solution that meets your specific storage and intralogistics requirements. Contact us for more information and details.
