Bluestem Energy Solutions, an Omaha-based company that is known for operating low carbon electric generation projects and enables consumers and businesses to have renewable energy, will soon be ...

In 2012, President Jon Crane founded Bluestem Energy Solutions to independently develop renewable energy solutions for public utilities, municipalities, and investor utilities. Bluestem developed its first wind project in Springview, Nebraska, and now develops utility-scale wind, solar, and battery storage projects across the nation.

See the article below for an exclusive Q& A session about the Burt County solar-plus-storage project featuring Mitch Hyde, Bluestem's Director of Operations and Maintenance, and Josh Moenning, Bluestem Energy Advisor and Mayor of Norfolk, Nebraska. Original Article: Norfolk Daily News Norfolk Daily News - Burt Article

Battery Energy Storage Systems (BESS) enable energy from renewable energy sources, like solar and wind, to be stored and released when customers need power. Even if the wind isn't blowing or the sun isn't shining, battery storage enables utilities to continue to provide power during peak demand. Here's how it works: 1. CHARGE

Bluestem is happy to share Research and Development Engineer, Srikanth Madala recently presented his white paper: "The Story of a Rural Public Power District- Before and After Distribution Grid Connected Wind Power Generation" at the 2019 IEEE Rural Electric Power Conference.

We look to support and strengthen each community we operate in by generating clean energy, protecting the local ecosystem, and leaving a positive impact on the local economy. Working with Bluestem provides communities with clean electricity, but beyond that, it also enables economic growth, community engagement, and educational programs.

Franklin County, Nebraska-- 6/22/2021-- Bluestem Energy Solutions will soon be constructing two wind turbines in northern Franklin County, Nebraska. The wind project will be constructed at the intersection of state highways NE-4 and NE-10, east of Hildreth, Nebraska.
