

Longi 305W photovoltaic panel parameters

What is the application level of LONGi Solar module?

The application level of LONGi Solar module is Class II, which can be used in systems operating at ≥ 50 V DC or ≥ 240 W, where general contact access is anticipated; When the modules are for rooftop application, it is necessary to take the overall fire rating of the finished structure as well as operation and maintenance into account.

What if a Longi PV module is broken?

To inform the LONGi customer service personnel within two weeks when modules are found broken or other significant abnormality. Refer to the "LONGi PV Module Operation and Maintenance Manual" for details on module maintenance.

What is the LONGi Solar Panel LR6-60PB-BK?

The LONGi Solar Panel LR6-60PB-BK is a 305 watt monocrystalline 60-cell module with excellent electrical and solid structural performance. It features black 40mm frames with white back sheets, MC4 connectors, and industry-standard -0/5W sorting. Longi Solar panels can withstand 5400 Pa snow load and 2400 Pa wind load.

Where can I find the latest version of the longi installation manual?

It is recommended to visit our website regularly at for the latest version of this installation manual. If customers fail to install modules as per requirements set forth in this manual, the limited warranty provided for customers will be invalid.

Where should Longi modules be installed?

LONGi modules shall be installed on proper buildings or other appropriate places (such as ground, garage, building outer wall, roof, PV tracking system) but shall not be installed on any vehicles. Do not install modules at places that are possible to be flooded.

Can a Longi module be installed on a vehicle?

Do not manually focus sunlight with mirrors or magnifying glass onto modules. LONGi modules shall be installed on proper buildings or other appropriate places (such as ground, garage, building outer wall, roof, PV tracking system) but shall not be installed on any vehicles. Do not install modules at places that are possible to be flooded.

Discussion of solar photovoltaic systems, modules, the solar energy business, solar power production, utility-scale, commercial rooftop, residential, off-grid systems and more. Solar ...

Bifacial photovoltaic panels 555W - Longi Hi-MO 5 LR5-72HBD 535-555M Longi Hi-MO 5 LR5-72HBD 535-555M bifacial photovoltaic panels offer an impressive power output of 555W, providing high efficiency

Longi. Monocrystalline solar panels with excellent value. Jinko. ... The innovative Solshare unlocks solar power for flats across the UK. Mounting Fastensol pitched. Cost-effective and easy-to-fit system. ... GSE in-roof. Cost-effective in-roof ...

LONGi Solar Technology Co., Ltd. Solar Panel Series LR6-60 285-305M. Detailed profile including pictures, certification details and manufacturer PDF ENF Solar. Language: ... Solar ...

Longi eller Longi Green Energy Technology är en Tier-1 klassad tillverkare av solpaneler som varit verksamma sedan år 2000. År 2020 var Longi världens största tillverkare av solceller och solpaneler. En säker tillverkare med lång ...

The LR6 lineup is a low LID monocrystalline PERC 60-cell with Half-cut technology module, with excellent electrical and solid structural performance (5400 Pa snow load and 2400 Pa wind load). These modules feature black ...
