

Longi photovoltaic panel packaging specifications and models

What is a LONGi Solar module safety guide?

This guide serves as a reference for inspecting, transporting, unpacking, handling and storing LONGi PV solar modules to ensure safe practices for you and the modules. No matter where you are in the delivery and installation process, LONGi is here to help if something goes wrong.

Can you walk on a LONGi Solar PV module?

DO NOT stand or walk on PV modules. Prior to beginning installation, review the Installation Manual for LONGi Solar PV Modules. Do not carry a module alone; always use two people to lift and carry. Do not drill holes in the frame of the module. In addition to invalidating the product warranty, this will also reduce

How does Longi package a module?

LONGi packages each pallet as follows: Cardboard sleeve (remember that the glass side of the module is directly on the other side of the cardboard. Do not cut into the cardboard with a sharp object on the sides) Before you unpack your modules, check the shipping label to ensure you received the right modules.

How does Longi load modules for transit in shipping containers?

LONGi uses industry best practices to load modules for transit in shipping containers. No unsupported, free-standing pallet stacks. Pallets parallel to the vessel, with any spaces greater than 4 inches to be filled with airbags. When the modules arrive, identify your modules and then inspect the packaging for any visible damage.

What services does Longi offer?

LONGi offers professional consulting services, professional knowledge of PV power plant and charging station solutions, and full life cycle O&M capabilities. Uniform smart soldering increases the power and efficiency of the module, and improves the power load capacity.

Why is Longi a leader in the semiconductor industry?

*LONGi took the industry lead in standardizing wafer size and achieving 100% diamond wire cutting of mono silicon wafer. *In 2021, the company's global sales performance, market share and brand influence ranked it 1st in the world, with its total shipment volume of domestic and exported modules exceeding 2nd place by more than 10GW.

The LONGi LR4-60HPB 355M is an all-black high-quality solar module with a peak power output of 355W that offers excellent power output, efficiency, and durability. It is designed for ...

LONGi leads the solar PV industry to new heights with product innovations and optimized LCOE with breakthrough monocrystalline technologies. LONGi is recognized as the world leading ...

Longi photovoltaic panel packaging specifications and models

LONGi released its 2024 Q3 financial report, with operating revenue and module shipments reaching CNY 58.593 billion and 51.23GW respectively. October 30th, 2024 - On October 30th, 2024, LONGi Green Energy Technology Co., Ltd. ...

Photovoltaic panels 600W - Longi Hi-MO 6 Scientist LR5-72HTH 580-600M-V03 DG Longi Hi-MO 6 Scientist LR5-72HTH 580-600M-V03 DG is a high-efficiency photovoltaic panel designed for ...

Longi 550W Solar Panel 540W Bifacial Solar Panels Double Glass Photovoltaic Panel, Find Details and Price about Solar Panel Longi Solar from Longi 550W Solar Panel 540W Bifacial ...

Hefei Pinergy Solar Technology Co.,Ltd is a professional and fast growing company.The business covers the R& D, production and sales of PV modules.Power station and PV system products, ...

LONGi High-efficiency solar Module, widely adopting PERC solar cells technology, Half-cut Module Technology and Bifacial PV technology,Mono Silicon Crystalline Technology has become a leading manufacturer and brand in the ...

Photovoltaic panels 560W - Longi Hi-MO 5m LR5-72HPH 540-560M The Longi Hi-MO 5m LR5-72HPH 540-560M photovoltaic panels are an efficient and reliable solution for solar energy generation. These 560W high-power panels are ...

Longi photovoltaic panel packaging specifications and models
