Aspergo Energy was first introduced to Luxpower in 2018, and received our first test samples in 2019. As a start-up Renewable Energy distributor, we were looking for a young dynamic company who would be able to meet our specific needs. We started with the LXP-5K standard model and were instrumental in having this model NRS certified in South Africa. Aspergo has since ...

Yesterday I went through the Inverter settings using the luxpower monitor app, And for some reason my battery parameters were all reset to default (i.e Cut Off Voltage 42V, EOD Discharge Grid on 42V) I was only able to set the EOD Discharge Grid On voltage using the app. When I tried to set the Discharge cut off voltage it would give me ...
