

## Maldives ever green energy

Will the Maldives achieve 70 percent renewable power by 2030?

" The proactiveness of the government, combined with development financing from organisations such as the World Bank will help the Maldives achieve the target of 70 percent power from renewable sources by 2030.

Is Maldives a sustainable country?

Maldives -- The Land of Sun, Sea and Sand -- will, over the next few years, go from being a tourist paradise to a small island nation that is leading the way in showcasing energy sustainability to the world.

Will Maldives reach net-zero emissions by 2030?

Maldives has a target to reach net-zero emissions by the year 2030 with international support. World Bank has been contributing to a clean energy transition in the Maldives. The Maldives has always been the Land of Sun, Sea and Sand. Each year, more than a million tourists explore the sunny beaches and blue ocean.

Should the Maldives invest in renewables?

While the required upfront investments are high, investing in renewables can help the Maldives to lower its cost of electricity service, fuel import bill and subsidy expenditure, reduce carbon emissions, and create new jobs.

How is the World Bank helping the Maldives achieve net-zero?

The World Bank has been helping the Maldives transition to clean energy and achieve its 2030 net-zero target. The recent signing of an 11-megawatt solar project will see private energy investments deployed in six population centers across the archipelago.

Should investors invest in sustainable solar projects in the Maldives?

In 2014, the first 1.5 MW solar project under ASPIRE only had four investors bids, and resulted in a high power purchase price (PPA) of 21 US cents per unit of electricity, indicating a lack of interest from investors in investing in sustainable projects in the Maldives.

Maldives -- The Land of Sun, Sea and Sand -- will, over the next few years, go from being a tourist paradise to a small island nation that is leading the way in showcasing energy sustainability to the world.
