

What kind of battery does puredrive use?

Puredrive's PureStorage II DC 5kWh battery utilises reliable and high performing lithium-ion-phosphate battery cells and is designed to work with leading inverters from Solis, Victron and Imeon. The system uses LiFePo4 50V 200Ah battery technology with 10,000 cycles.

What is a puredrive hybrid battery?

Puredrive Hybrid DC Battery 5kWh Datasheet The Puredrive PureStorage II DC 5kWh battery is an energy storage solution that offers reliable, high performing lithium-ion-phosphate battery cells with up to 10,000 cycles.

What is a puredrive 5kwh battery?

Incorporating a modular design and allowing 5x 5kWh batteries to be connected together in a single system, this Puredrive 5kWh battery module provides a high level of scalability. It is also IP65 rated and boasts a simple, aesthetically pleasing design. These features combined ensure this is an ideal solar battery for domestic installations.

What is puredrive PureStorage II DC 5kwh battery?

The Puredrive PureStorage II DC 5kWh battery is an energy storage solution that offers reliable, high performing lithium-ion-phosphate battery cells with up to 10,000 cycles. The IP67 rated casing is suitable for indoor and outdoor installation, allowing homeowners to reduce their energy bills and carbon footprint.

What is a PureStorage II battery?

The PureStorage II Battery is a 5kWh battery module from Puredrive Energy using the safest and highest performing lithium-iron-phosphate battery cells.

What is puredrive PureStorage II?

Shipping calculated at checkout. The Puredrive PureStorage II DC 5kWh battery is an energy storage solution that offers reliable, high performing lithium-ion-phosphate battery cells with up to 10,000 cycles. The IP67 rated casing is suitable for indoor and outdoor installation, allowing homeowners to reduce their energy bills and carbon footprint.

From time to time we may release software updates for your battery. When we do you will be informed and they can be found here. ... Download Installation Steps. Location.
