

Martinique fire cabinets

Are Justrite cabinets flammable?

All door styles meet OSHA and NFPA 30; self-close door styles also meet NFPA 1 and the International Fire Code. Most cabinets are FM approved and all come with a ten-year warranty. For workplaces or areas where space is at a premium, Justrite offers a variety of different flammable cabinet options.

What corrosive cabinets are available?

Multiple colors and sizes available. Use corrosive safety cabinets to store flammable and non-flammable acids and corrosive liquids. All interior and exterior surfaces, including shelves, are finished with blue epoxy powder coating. HDPE corrosive cabinets are also available.

What are pesticide safety cabinets?

Pesticide safety cabinets help companies who specialize in lawn care, golf course management or agricultural interests or who handle and store pesticides and poisons. Eagle metal cabinets meet NFPA Code 30 and OSHA requirements.

Armed fire valves (RIA) allow, when the use of water is not prohibited, a powerful and effective action during the first intervention, while waiting for the arrival of help. They must be installed in places sheltered from frost, and close to accesses. They are clearly marked. The possibilities of water supply, if necessary by having reservoirs, are obviously essential.
