EKT Battery, which has been the largest supplier for Lithium Traction Batteries, has recently celebrated its 20000th battery delivery. However, as a major player in the APAC region, EKT was still absent from the European market during the past years. In 2020, EKT and TUV joined forces in order to meet the European standard for industrial battery safety.

Therefore, aluminum shell battery cell has also become the mainstream battery for automobiles, energy storage, forklifts, ships, etc. cell. EKT is a professional supplier of square aluminum shell battery cells. We have a high-quality aluminum shell supply system chain and leading aluminum shell welding and leak testing equipment.
