

Demand for ThyssenKrupp Solartec panels, steel building elements laminated with photovoltaic film, is growing fast, with the value of orders received in the first nine months of 2004 already matching the total received from 1999 to 2003. One reason for the rapid growth is the amended version of Germany's Energy Feed-in Law which entered into ...

ThyssenKrupp Solartec, das Stahlbau-Element mit auflaminierter Photovoltaik-Folie, erfreut sich rapide wachsender Nachfrage: Der Auftragswert für die ersten neun Monate des Jahres 2004 entspricht dem Gesamtvolumen der Jahre 1999 bis 2003. Ein Grund für das rasche Wachstum ist die Neufassung des Energieeinspeisungsgesetzes vom 1. Januar 2004.
