As of Modular Routers 12.0.2, the mod is built with Neoforge. While Modular Routers is likely to remain compatible with Forge for now, future compatibility is not guaranteed in any way; Player Module and Sender Module Mk3 now respect a dimension blacklist, dimensions which those modules cannot send items to or from

If you dislike having cables everywhere and want a lot of machines in one area to be charged wirelessly, you could look into Modular Routers. You can designate up to 8 machines per Energy Distributor Module, and each router can hold 9 Energy Distributor modules, allowing for one router to charge 72 machines within 40 blocks.

(All modular routers share the same ID so other players doing this would end up having quite literally the same ingredients as you and could pop off the finished crystal first, definitely a bad idea unless you are on a very teamwork oriented server).

A flexible mod for moving items, fluids, and energy around the world. 14.0k. 13. ... Fixed Distributor Modules not working on dedicated server with more recent NeoForge builds; Patchouli integration has been updated Note that Patchouli doesn"t have an official release yet for 1.21; Files. modular-routers-13.0.3+mc1.21.jar (1.14 MiB) Primary ...

Modular routers I"m trying to make the router i"m looking at only transfer items when it can deliver one to every, so one doesn"t end up having more than the others, which would break my contraption. ... Game isn"t running right now, so ...

Me and my friend want to use modular routers to send fluid dto generators and stuff, but we need an item that can hold fluids in the buffer slot for that. I dont think we have any mods that can do that tho. (we have loot belts, drawers, ssn, create, modular routers, ispawners, building gadgets, iron generators, waystones and vault compass). are ...

Modular router energy distributor Norway

As the title suggests, I need help with what to do with augments for modular routers. I"m specifically talking about "Range Up Augment", but I can"t seem to figure out how to add this to my item router. I see a spot for modules and one for upgrades, but they don"t seem to want to go there, any suggestions would be nice <3 ...

Those modular routers are the secret. Two stacks of energy upgrades and 15 energy distributor modules to send energy wirelessly to the drills and stasis chamber.Drills are fully upgraded (T2 Eff, T2 Proc, T2 Speed) and Laser Base has 3xT2 Proc and T2 Eff. On top are Nitro Thermo Generators from Powah on top of Blocks of Nitro Crystal.

Tried using modular router with an activator module, but for some reason, it doesn"t work? Have tried with many different items in the buffer slot to use, but for whatever reason none have worked- have watched multiple guides on how to ...

This Router has to output to 8 other routers, which each places one ore. The setup now is one Modular Router with four distributor modules (DM) that get items from chests, and one that distributes these items randomly to one of 8 other modular routers. The distributor modules that get items from chests, are set on nearest first.

modular-routers-1.16.5-7.5.1-69. Describe your problem, including steps to reproduce it. When changing out the target of a Sender Mk 2 or Distributor (breaking the target block and replacing it), sometimes the router "remembers" the old one and continues to send it items.

What"s a use-case for energy puller modules? It"s easy to pipe energy into a router via pretty much any mod which handles energy. Will consider a direction toggle for the distributor. Guess ...

Modular Routers 1.14.2-5.0.0-1 (Forge) 0.67MB 5 years ago. Share to ... Clear Energy Distributor Module (or any of them) jdbhkf opened this issue 2 years ago · 1 comments. jdbhkf commented 2 years ago. Describe the feature. It would be nice to have a key or something to be done that would clear all settings on a module. Wrench or really anything.
