

# Moixa smart battery Heard and McDonald Islands

GridShare is the software that puts the "smart" in a Moixa Smart Battery or to the Moixa Hub in a Moixa Optimised Battery System. For homes on a time-of-use tariff, GridShare can identify a home's energy generation and consumption patterns, look at weather forecasts and review the home's energy tariff.

Big Ben has erupted several times over the past two decades. McDonald Island lies 43.5 kilometres due west of Heard Island, and is the major island in the McDonald Islands group. It is a mere 186 metres high and it too has an active volcano. The McDonald Islands are so volcanically active they have doubled in area since 1980.

Founded in 2010, the company offers a patented Smart Solar Battery system, which combines solar power and in-house battery storage technology. This works alongside artificial intelligence enabled GridShare ...
