

In our BMZ ESS categories you will find state-of-the-art energy storage systems "Made in Germany", compact battery fuses, the BMZ communication kit and accessories including all associated technical data and recommendations of suitable components for Green Energy and your solar system.

As an open system provider, the BMZ Group develops and produces high-quality complete systems for e-bikes, pedelecs and cargo bikes under its "BMZ Drive Systems" e-bike brand. In addition to the tried-and-tested battery technology, which BMZ has developed as well as being state-of-the-art, the portfolio includes solutions consisting of display ...

In a world increasingly reliant on sustainable and efficient energy sources, lithium-ion batteries are setting new standards. Our lithium-ion cells offer you state-of-the-art battery technology that can transform your life and projects. In addition, our own brand TerraE, owned by Sven Bauer, co-founder and managing director of the BMZ Group, provides high-quality cylindrical battery cells.

In the final phase from 2025 onwards, the testing centre will also be used to validate the BMW Group's battery-electric vehicles prior to the official launch of series production and ensure the required premium quality. "For example, this includes subjecting the batteries to vibration and shock tests," adds Schmidt-Stein. ...

Reuters exclusively reported that German battery group BMZ is preparing for a Frankfurt stock market listing as early as September with a targeted valuation of about 2 billion euros. The plans have been forged as battery makers scramble to keep up with demand as the automotive industry and other sectors switch to electric to reduce planet-warming carbon emissions, raising ...

Die BMZ Group entwickelt und produziert High-Tech-Batteriesysteme, die weltweit in den unterschiedlichsten Produkten namhafter Marken verbaut werden. ... Oktober 2023 - Die BMZ Group freut sich, ihre Präsenz mit gleich sieben Messeständen auf dem diesjährigen Battery Experts Forum von 07. - 09. November 2023 in Darmstadt bekanntzugeben.

Reuters exclusively reported that German battery group BMZ is preparing for a Frankfurt stock market listing as early as September with a targeted valuation of about 2 billion euros. The plans have been forged as battery makers scramble ...

ESS Z is a modular lithium-ion energy storage system that stores the excess photovoltaic energy generated in battery modules for later use. Energy can be selectively fed from the inverter to the grid or to the energy storage system.
