In preparation for the COP26 summit the Namibian government committed itself to increase the number of electric vehicles (EVs) in the country as a method to reduce air pollution and greenhouse gas emissions. There are currently about 100EVs in Namibia, with an initial goal of 10,000EVs by 2030 which was later increased to 96,500 by 2025.

Today, MTC's mobile network covers 97% of Namibia's population and 87.4% of Namibians have access to mobile broadband. The local economy grew at 4.6% in 2022 but slowed to just under 3% in 2023. Growth potential has been hampered by numerous factors, but delivery for clients - whether individual in the Ohangwena region, or multinational ...
