

War came to an end in 1995 after a treaty, the Dayton Agreement, was established. The treaty continues to be enforced by the North Atlantic Treaty Organization (NATO). What remains is a fractured state, consisting of two independent regions, the Federation of Bosnia and Herzegovina and the Serb Republic of Bosnia Herzegovina.

present opportunities for embedding the post-2020 priorities for Bosnia and Herzegovina. Due to the complexities of the economy's constitutional system, the review of relevant domestic instruments includes both national and sub-national structures and documents in an effort to provide an accurate mapping of the relevant policy landscape.

Australia National Power Storage Holding Pty Ltd. Battery Cell-(3777Ah) The material of the battery cell is LFP. The nominal capacity/voltage is 3777Ah/3.2V. The continuous charge/discharge rate is 0.5C. With our self-developed additives for electrolytes, the cycle life of our batteries has reached 12,000 cycles.
