The following are some of the solutions that can be deployed by TVER to meet your Energy needs: Plug n Play, Pre-wired & Pre-tested Battery Backup Power Solution;

In less than one year the Niger Basin Authority, an intergovernmental body tasked with the sustainable development of the Niger waters and associated resources, passed the first ever nexus policy in a transboundary river basin, contributing to a true acceleration of change for improved water and associated development in the Niger River Basin.

TVER Energy in collaboration with Industry leaders, will build, own and operate small to medium scale liquefaction systems which is a very cost effective way to utilize natural gas as a replacement for diesel fuel. Welcome to TVER Energy. Our world is becoming more and more complex. We need to reduce our energy costs.

Energy Consumption and Production As shown in Table 1, Niger had a population of 17.83 million in 2013. In 2015, total production of electricity was 58 ktoe, with all of it produced from fossil fuels (Table 2). Final consumption of electricity in the same year was 91 ktoe (AFREC, 2015). Figures 2 and 3 show the main energy statistics NIGER ...

1. Introduction. Supplying sufficient water, food, and energy while maintaining environmental sustainability is a growing challenge due to rapid population growth, changing lifestyles, ecosystem degradation, increasing water scarcity, political rather than analysis-based, cross-sectoral decision-making, and an uncertain future climate (World Bank, 2016; World ...

On November 22, 2023, White River Energy Corp (the "Company") entered into a joint venture agreement (the "Agreement") with a third party ("CP"), pursuant to which CP sold the Company \$500,000,000 of United States federal income tax credits issued to a Native ... ("NEWCO") to be titled "White River Native CDFI LLC." ...

The River Niger is the third longest river in Africa, with a stream length of 4200 km, a drainage basin of 2 170 500 km² (of which 1 500 000km² is an active basin), and an average discharge of ...

Since 2008, Steve has been, and continues to be, one of the principals of Cogent Energy Solutions, LLC.
