

What types of batteries does Jauch offer?

Today, we offer a wide range of primary lithium batteries and rechargeable battery systems. Many of our batteries are available directly from stock. Customized battery systems with a battery management system. Jauch provides complete solutions for your battery system according to your requirements.

What solutions does Jauch offer?

Jauch provides complete solutions for your battery system according to your requirements. Standard cells and customized packs, from simple cells to intelligent battery packs for the most demanding applications. Individual Solutions We take care of special requests for design-in as well as all relevant safety aspects.

Where are Jauch batteries made?

Manufacturing in Villingen-Schwenningen Jauch production in Villingen-Schwenningen: Customized battery packs for medical or safety technology or the automotive industry, for example, where special requirements often have to be met, are manufactured here in ESD-protected rooms.
