

They provide an instant energy boost, help release relaxation hormones, and are easily digested. In more recent years, Norfolk Island once again benefitted from loss of banana crops on the East Coast of Australia. In 2006, devastation from Cyclone Larry in Queensland led to shortages of bananas and mainland prices soared to up to \$16 per kilo ...

The mid-morning sun was shining on the northern side of Norfolk Island National Park, throwing speckled light across my face. I was sitting amongst thickets of African Olive and Red Cherry Guava, my back resting against the gnarled trunk of an olive tree. I had pushed, crawled and manoeuvred my way through the dense, weedy bush, all to get to one...

African Sun Energy is a clean energy company located in Botswana and specializes in the provision of off-grid/grid-tied solar photo-voltaic systems and solar PV pumping systems. We develop, design, build, finance, and operate ...

Solar energy has emerged as a pivotal player in the global transition towards sustainable and renewable energy sources. To foster the widespread adoption of solar technologies in Africa, governments and regulatory bodies have implemented Solar Policies and Regulations. Download the full report [here](#)
