Together, both companies serve over 15,000 customers and are regarded as one of the most reliable electricity providers in the Caribbean. An award-winning and sustainable power company in Turks and Caicos, FortisTCI received the ...

The Turks and Caicos Islands (TCI) is one of the most vulnerable member states of CARICOM. An archipelago of 40 low-lying islands and cays, TCI's geographic location, and small economy make it highly susceptible to climate change impacts such as the increased frequency of hurricanes and sea-level rise (SLR).
