We offer customized stand-by power systems and renewable energy solutions as key offerings and how they are contributing to Oman's quest on the renewable energy path;

The benefits of solar power outweigh the costs. As the electricity subsidies are reduced, the tariffs steadily increase. Once the subsidies are completely removed, the tariff will reach approximately 32 Bz/kWh, while solar power will give you around 20 Bz/kWh for small systems, 10 Bz/kWh for medium sized systems, and even less for larger systems.
