They manufacture solar water heater, solar security lights etc. Orbit Energy manufacturing plant is equipped with latest machinery and trained professionals. Quality wise they stick to standards and maintain consistency.

Does Nauru need solar power?

“Now Nauru's power generation mainly relies on diesel. That's expensive and would pollute the environment,” said John Scott, who has been working for the project since 2022. “There is a lot of sunshine here and it's good for solar power. I believe electricity supply here will be much better when the project is completed,” Scott told Xinhua.
