

What is a thermal energy storage cristopia?

At a time when we talk more and more about the environment and rationalization of energy use, our thermal energy storage cristopia represents a technical solution adapted to industrial cooling and air conditioning systems.

How long does cristopia energy systems warranty last?

CRISTOPIA Energy Systems GUARANTEE 1. CRISTOPIA Energy Systems warrants the STL energy storage manufacturing defects for a limited time under the following conditions. The guarantee time is five(5) years after receipt of the goods. This time will not Energy Systems. 2. STL components must be used normally, meaning in accordance with the

CRISTOPIA STL (Storage of Latent heat) technology is widely used in Europe, Asia and North America. It consists of nodules used to store the cooling energy produced by water chillers. The energy is primarily stored at night-time, when cooling demand is lower, and redelivered during the day when greater cooling capacity is needed.
