

About us · We& #039;re on a mission to make clean energy easier for everyone. We take pride in our promise to do what& #039;s right by our people, customers, and planet - it& #039;s basically why we get up in the morning. Across charging, solar, storage and business, our ambition remains the ...

Renewable energy experienced a turning point in the 1970s, with the 1973 oil crisis, the 1972 miners' strike, growing environmentalism, and wind energy development in the United States exerting pressure on the government. In 1974, the Central Policy Review Staff recommended that "the first stage of a full technical and economic appraisal of harnessing wave power for ...
