

Photovoltaic pallet board stripping

Why should you choose pvpallet?

PVpallet helps solar companies reduce waste, streamline operations, and save money through reusable packaging and turnkey logistics solutions. Why choose PVpallet? We're focused on making life easier for everyone in the solar supply chain--from manufacturers and distributors to EPCs and solar installers.

What is PVpallet?

PVpallet is a reusable packaging and shipping solution that assists in driving efficiencies and process improvement at the branch and warehouse level and significantly reduces waste and damage. -Kevin Leikin, Director of Supply Chain Operations at Sunrun. Our mission is to eliminate waste streams through innovative, reusable packaging and shipping solutions.

What services does PVpallet offer?

PVpallet offers turnkey logistics, tracking, cleaning, and refurbishment services. These ensure that your reusable packaging fleet is traceable and in top condition, ready for deployment. PVpallet assists in driving efficiencies and process improvement at the branch and warehouse level, while significantly reducing waste and damage.

What happens if a photovoltaic cell cracks?

Every stage in the photovoltaic cell and solar panel manufacturing process requires delicate product handling techniques. Any cracks on the surface of a photovoltaic cell will influence the module's efficiency and may render an individual cell completely useless.

What is the PVpallet Series X?

The PVpallet Series X allows for easier and safer deployment and decommissioning of solar microgrid systems. It also enables the acceptance and management of solar panel donations in a way that wasn't possible before. The fact that these units can be stacked two-high outside significantly increases storage capacity.

The Green Machine is designed to dismantle/strip broken or unwanted pallets back down into component parts. The pallets are manually fed through the green machine pallet dismantler machine and a bandsaw blade separates the blocks ...

Discussing the true cost of a wood shipping pallet, PVpallet Co-Founder and General Manager Luke Phelps emphasized the importance of understanding the "full picture" of a wood pallet's life cycle, including build ...

The robot saws the broken board or pallet foot. Combine the pallet disassembly line with an automatic nail or pallet repair line or with a pallet sorting line. When combined with a sorting ...

Double-sided pallet nailing machine is a new type of customized pallet nailing machine designed and developed by our factory zzchryso group. Belongs to the horizontal photovoltaic nailing machine series.

Photovoltaic pallet board stripping

Double-sided wood pallet ...

This short video explains best practices for loading, banding, and unloading solar modules with your PVpallet Series X. Note that banding is always necessary to properly secure your PV ...

?Place the fixture on top of the pallet of modules properly. ?Place the lifting belts of hydra through the gaps of blocks of wooden pallet such that the weight is distributed uniformly. ?Hang the ...

New and secondhand pallet recycling machines are provided with the warranty, support and options for servicing and on-going training. +44 (0)7768 914770 or +44 ... Separates pallet blocks and boards by cutting the nails View Machine. ...
