

Photovoltaic panel wooden box manufacturers supply

What is the PVpallet Series X?

The PVpallet Series X allows for easier and safer deployment and decommissioning of solar microgrid systems. It also enables the acceptance and management of solar panel donations in a way that wasn't possible before. The fact that these units can be stacked two-high outside significantly increases storage capacity.

What services does PVpallet offer?

PVpallet offers turnkey logistics, tracking, cleaning, and refurbishment services. These ensure that your reusable packaging fleet is traceable and in top condition, ready for deployment. PVpallet assists in driving efficiencies and process improvement at the branch and warehouse level, while significantly reducing waste and damage.

What is PVpallet?

PVpallet is a reusable packaging and shipping solution that assists in driving efficiencies and process improvement at the branch and warehouse level and significantly reduces waste and damage. -Kevin Leikin, Director of Supply Chain Operations at Sunrun. Our mission is to eliminate waste streams through innovative, reusable packaging and shipping solutions.
