Grid synchronization is crucial for several reasons: a. Safety: Synchronizing with the grid ensures that the solar power system operates safely and in compliance with electrical standards. It helps prevent backfeeding, which occurs when excess electricity from the solar system flows into the grid, posing a safety risk to utility workers. b.

The ACOPOWER 90W Solar Panel is a reliable, practical, and convenient portable solar panel kit. Boasting an industry best 25% conversion efficiency, our SUNPOWER monocrystalline solar cells perform better than similarly rated polycrystalline solar panels, even in low-light conditions. Waterproof, scratch proof, strong.
