

Pixii energy storage Heard and McDonald Islands

Why should you choose Pixii modular energy storage?

With cutting-edge technology, the Pixii modular energy storage solution gives you a wide range of functions, allowing you to unleash your growth potential. At Pixii, safety is built into our modular design, removing any single point of failure and allowing modules to be hot swapped without downtime.

Is Pixii a sustainable company?

Pixii's commitment to sustainabilityis evident in their contributions to optimizing solar energy use, peak shaving, arbitrage, and participation in flexibility markets. Pixii is headquartered in Norway, with its European sales headquarter in Germany and a global reach through offices and partners in several countries.

What makes pixiibox unique?

The PixiiBox software defined power conversion modules and Energy Architect EMS platform with various Battery options, offer unrivalled configuration flexibility optimised to deliver a high efficiency, low operating cost, off or on grid energy solution.

Is Pixii the fastest growing technology company in Norway?

The company has a growing team in a growing number of international offices. In 2023, Pixiiwas named Norway's fastest-growing technology company in the prestigious Deloitte Technology Fast 50 awards. In 2024, it received the newcomer of the year award from Innovation Norway and Export Finance Norway at the annual Export Conference event.

Pixii Home enables homeowners to get more out of solar energy, cut electricity bills with smart energy saving functionality, and generate income by renting out battery capacity to support the local grid through ...

The Pixii battery energy storage system is fully integrated, enabling businesses to get the most out of their new or existing solar panels. It allows for fast charging, and with smart functionality ...

Estonian start-up FuseBox and Norwegian company Pixii started cooperation to develop and combine energy storage systems with demand response. The project enables real-time communication between electricity consumers, ...

Our interactive sessions provide the knowledge you need to install, maintain and commission our Pixii Home residential Battery Energy Storage System (BESS). Complete the training, pass the exam, and expand your product offering in the ...

Reduce energy cost and unlock new revenue streams. The Pixii battery energy storage system offers a flexible solution for enabling efficient and cost-effective EV charging in parking lots ...

Pixii energy storage Heard and McDonald Islands

The authorities have made clear that this will require substantial investments in battery energy storage systems to balance the grid. We are excited to have entered into this agreement and see great opportunities in the large and growing market in Thailand." Kenneth Bodahl, Chief Executive Officer of Pixii About PEA

The Pixii battery energy storage system is built for seamless remote management and control. The integrated communication gateway connects all system elements, external sensors, and hardware, enabling you to unlock both cost ...

Reduce energy cost and unlock new revenue streams. The Pixii battery energy storage system offers a flexible solution for enabling efficient and cost-effective EV charging in parking lots and office buildings. It is modular, allowing for seamless scalability to meet your specific needs, and has a range of smart functions to optimize energy usage.

The Pixii Home battery energy storage system is quick to install and easy to use, helping you get more out of your solar panels and reduce your dependency on the grid. Pixii Home is a compact, all-in-one solution that combines cost-saving and revenue-generating functions through value stacking. It connects with most new or existing solar panels ...

Kenneth Bodahl, CEO of Pixii. The jury noted Pixii"s rapid export growth and pointed out that innovative energy storage systems are an essential part of solving the world"s energy challenges, including security of supply, grid stabilization and an increased share of electricity from renewable sources.

Pixii and EBERO FAB GmbH, a leading German infrastructure expert, have entered into a strategic partnership to significantly increase the distribution of Pixii"s energy storage systems in the German market, especially focused on utilities. EBERO FAB will be a value-added reseller, incorporating Pixii"s state-of-the-art storage systems into ...

The Pixii battery energy storage system is fully integrated, enabling businesses to get the most out of their new or existing solar panels. It allows for fast charging, and with smart functionality like time shift and peak shaving, businesses can store energy during off-peak hours to reduce costs and manage energy demand.

The Pixii PowerShaper family is a complete energy storage solution for up to 50kW power conversion and 50kWh energy storage capacity with LFP batteries and 40kW and 120kW with NMC batteries. ... the Pixii modular energy storage solution gives you a wide range of functions, allowing you to unleash your growth potential.

The Pixii battery energy storage system is designed to be managed and controlled remotely. The built-in communication gateway, allows you to connect with all elements within the system, as well as external sensors and other hardware at your site.. And with the Pixii Gateway web-app, you can configure a wide range

Pixii energy storage Heard and McDonald Islands

of services, monitor and optimize

The Pixii OEM Inverter kit is a rack mountable bi-directional inverter shelving kit that provides OEM manufacturers with a modular and scalable inverter, designed for use by manufacturers of small- and large-scale Battery Energy Storage Systems (BESS). There are six OEM kits available in 10kW increments up to 60kW (1RU to 6RU).

Pixii"s smart battery energy storage solution in Lierne is more than just an energy remedy; Businesses in the Jule Industrial area now operate unham-pered, and the area stands at the cusp of new job opportunities and industrial growth. The Lierne pilot project has exceeded expectations, reducing the cost of network loss for Tensio in the area ...
