

Power secure inc Burundi

Who owns PowerSecure?

In 2016 PowerSecure joined the Southern Company as a wholly owned subsidiary. Over the last 20 years, PowerSecure has deployed over 1700 microgrid systems (*85% of the U.S. market share), and boasts **98.7% system reliability, exceeding industry standards.

What can PowerSecure do for You?

As a diverse power generation company, PowerSecure's distributed energy infrastructure solutions include distributed energy innovation, solar energy, fuel cells, energy storage, and microgrid solutions.

How reliable is PowerSecure?

Over the last 20 years, PowerSecure has deployed over 1700 microgrid systems (*85% of the U.S. market share), and boasts **98.7% system reliability, exceeding industry standards. We are a proven provider of multi-measure energy efficiency projects with \$800+ million engineered, installed and commissioned projects.

Can PowerSecure be your safety net in a storm?

Count on us to be your safety net in any storm. PowerSecure, a Southern Company subsidiary, is the nation's leading distributed energy infrastructure company. Our team of experts has developed, installed, managed and serviced 2+GW of microgrid capacity over the past 20 years, as well as implemented over \$900 million of energy efficiency upgrades.

How many GW of energy does PowerSecure monitor?

We currently monitor 1,800+ units generating 1.6 GW of energy at 1,797 live sites across the United States. Founded in 2000, PowerSecure is a technology company focused on distributed energy systems and the integration of multiple energy resources for basic and advanced microgrid deployments.

Is PowerSecure ready for a storm?

At PowerSecure, our PowerControl Monitoring team is actively prepared to assist with outages, while PowerSecure Service teams are making final checks to ensure mobile units are ready and available as the storm progresses. Stay safe and take all necessary precautions during this time!

In the dynamic US energy space, PowerSecure Inc. stands as a leader in distributed energy solutions. We speak to Chief Development Officer Eric Dupont about the microgrids energizing customers across the country.

Power secure inc Burundi

That bond is stronger today, as PowerSecure is a subsidiary of Southern Company, an energy firm with 9 million customers. "We have a lot of experience building microgrids and we believe we are the leader in the industry, but PowerSecure is not well-known," said Eric Dupont, executive vice president and chief commercial officer, PowerSecure.

PowerSecure can help with services including: Off-grid emergency access: Use our off-grid options or connect your own microgrid to manage power in the event of natural disasters or emergencies. Custom power solutions: Improve data center energy conservation with custom solutions that help your company reduce emissions and move toward net-zero.
