

Premium solar energy Curaçao

We offer full end-to-end solar solutions and complete project management from start to finish. Our services include free site analysis, engineering and design services, financing, rebate application, installation, permitting, inspections, ...

The solar premium feed-in tariff (PFIT) scheme started in 2009 to provide extra support for Victorians installing rooftop solar systems at a time when solar panels were relatively expensive. The scheme was legislated to run for 15 years, and closed to new applicants at the end of 2011, having met its capacity.
