Qatar jauch battery solutions

What types of batteries does Jauch offer?

Today,we offer a wide range of primary lithium batteries and rechargeable battery systems. Many of our batteries are available directly from stock. Customized battery systems with a battery management system. Jauch provides complete solutions for your battery system according to your requirements.

What solutions does Jauch offer?

Jauch provides complete solutions for your battery systemaccording to your requirements. Standard cells and customized packs, from simple cells to intelligent battery packs for the most demanding applications. Individual Solutions We take care of special requests for design-in as well as all relevant safety aspects.

Where can I learn more about Jauch battery solutions and frequency control products?

Visit us at booth A5.502to learn more about our battery solutions and frequency control products. Jauch is expanding its range of high-performance lithium ion round cells with two new designs: LI18650 and LI21700. These new cells are ideal for medical technology, power tools and industrial applications.

Where are Jauch batteries made?

Manufacturing in Villingen-SchwenningenJauch production in Villingen-Schwenningen: Customized battery packs for medical or safety technology or the automotive industry, for example, where special requirements often have to be met, are manufactured here in ESD-protected rooms.

Are Jauch batteries tested?

UN 38.3 and other tests Jauch batteries and battery packs are subjected to extensive testing. In our in-house test center, we can perform all individual tests of the UN 38.3 transport test ourselves.

Who is Jauch quartz GmbH?

Jauch Quartz GmbH is one of the "Global Market Leader Champions" in 2024. The award is based on a scientific study conducted every year at the University of St. Gallen. Jauch has already been named a "Future Champion" several times. Now, for the first time, the company has joined the ranks of the "Global Market Leader Champions".

Jauch Battery Solutions o Reliable energy for your application o Standard cells and customized packs o ESD protection o Battery Certification Experts SPECIFICATIONS CHARGING CHARACTERISTICS PER BATTERY PACK Model LI18650JC-26 1s1p Charge Voltage 4.2 V Jauch No. 250262 Standard Current 1250 mA ...

Jauch Battery Solutions o Reliable energy for your application o Standard cells and customized packs o ESD protection o Battery Certification Experts @21 ±2°C SPECIFICATIONS CHARGING
